

**Change Through Giving** is an eclectic group of women who are catalysts for change at community and global levels. Their **purpose** is to combine financial resources and individual talents to contribute to those in need and educate the **community** on volunteerism.

By **giving**, the women of CTG collectively exercise their support to people and purposes that each member is **passionate** about. Through individual donations and monthly **Change Projects**, the ladies of Change Through Giving have supported numerous local and national organizations and causes near and dear to their hearts. Their **work** and contributions have **touched** many children, families, elderly and furry **friends**.

**Working together** allows the group to break down problems into manageable pieces by pooling resources and expertise to **accomplish** common goals. The women of Change Through Giving **embrace** the belief that an **opportunity** to give is an opportunity to be involved.
